QuePot

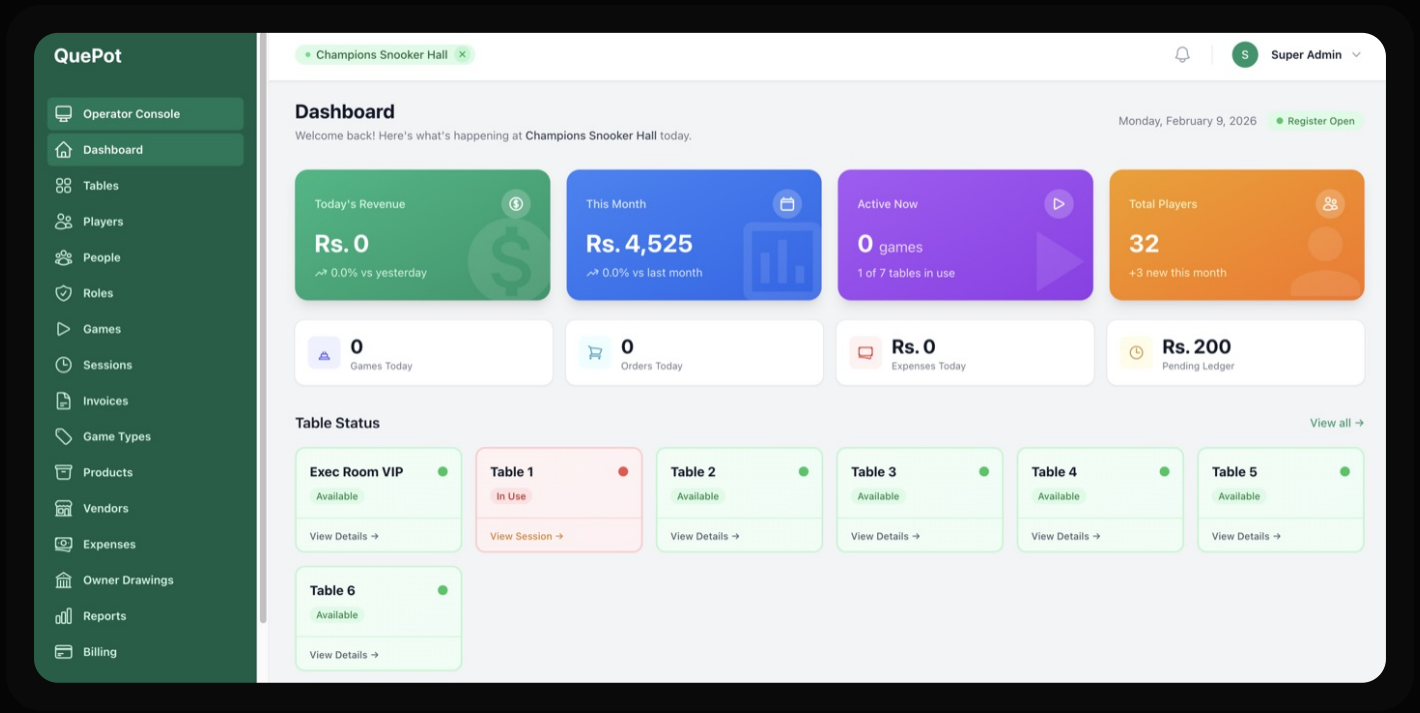
The Complete Snooker Club Management System

Streamline operations with real-time table tracking, integrated POS, player management, and comprehensive reporting.

Live	Smart	Full	Deep
TRACKING	BILLING	POS	ANALYTICS

Command Center

Your complete club overview in one glance. See today's revenue, active sessions, pending payments, and table status all on a single screen.



Revenue Tracking

Monitor daily earnings from games and canteen. Compare with previous periods and track growth trends.

Table Grid

Visual overview of all tables with color-coded status. See which tables are free, occupied, or reserved.

Daily Operations Hub

The central workspace for your front-desk staff. Start games, add orders, view live timers, and settle bills all from one intuitive interface.

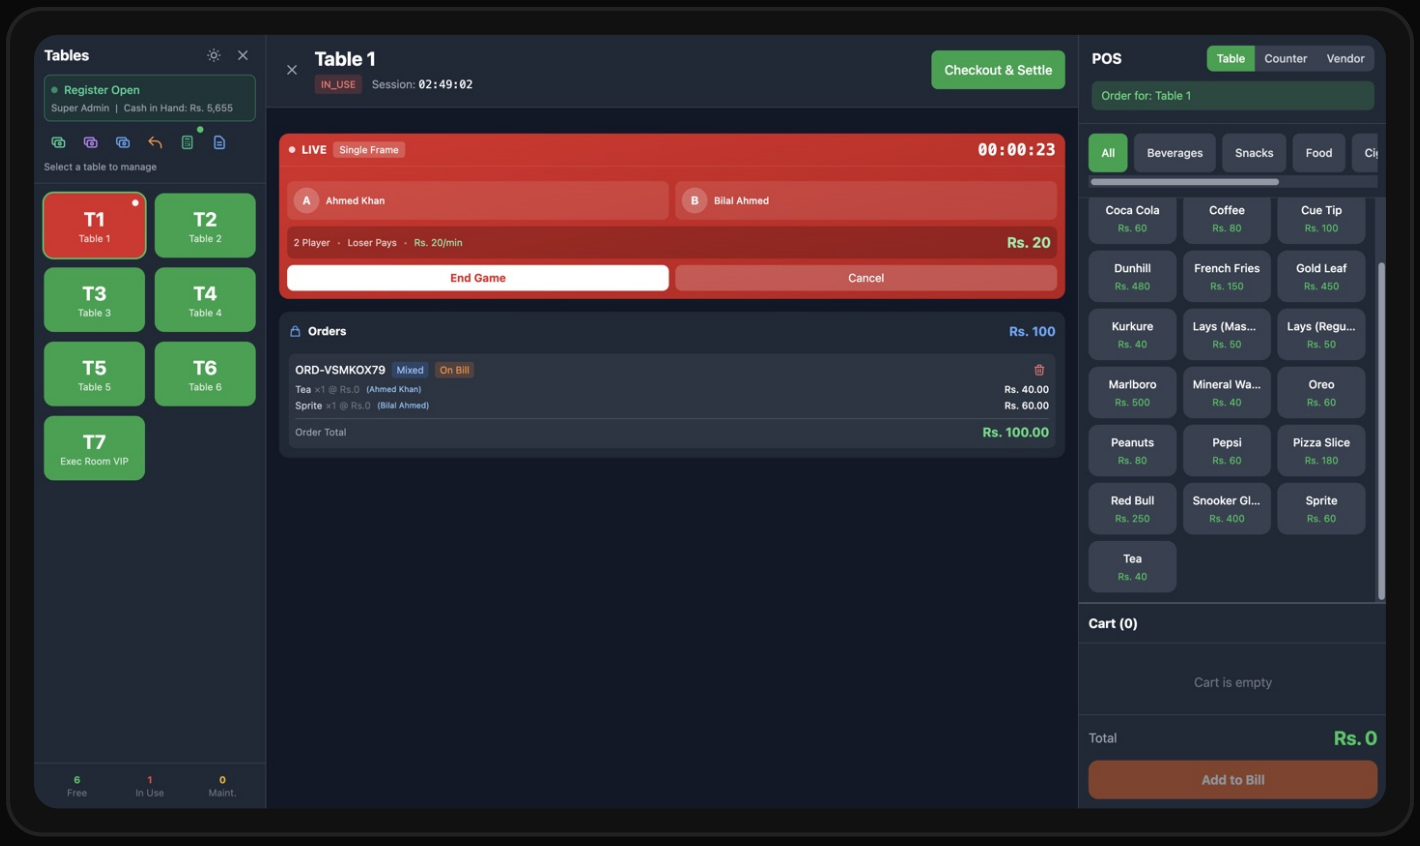


Table Management

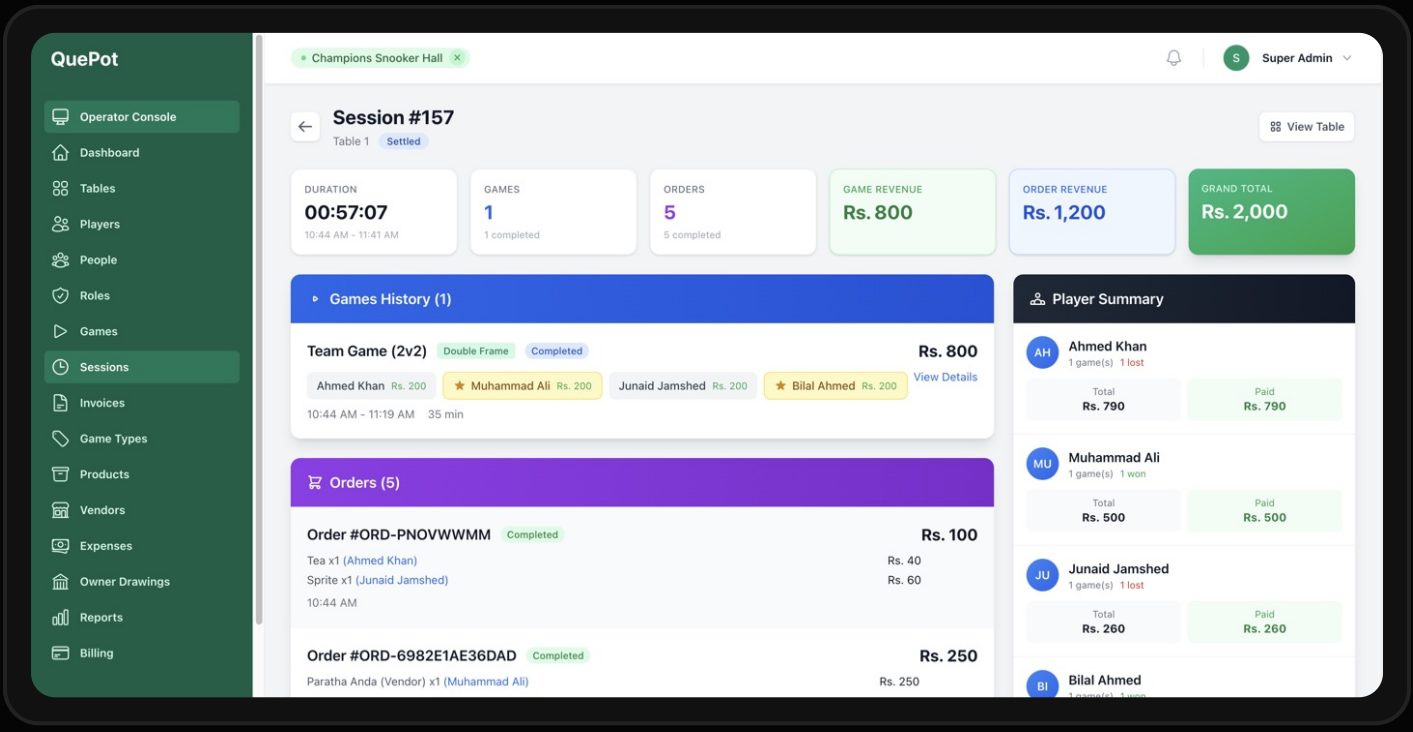
Click any table to start a game, add players, or view current session details with live billing updates.

Quick POS Access

Add food and beverage orders directly to any table. Items are automatically added to the final bill.

Track Every Game Detail

From the moment a game starts to final settlement. Track time played, add orders, assign players, and generate detailed bills automatically.



Live Timer & Billing

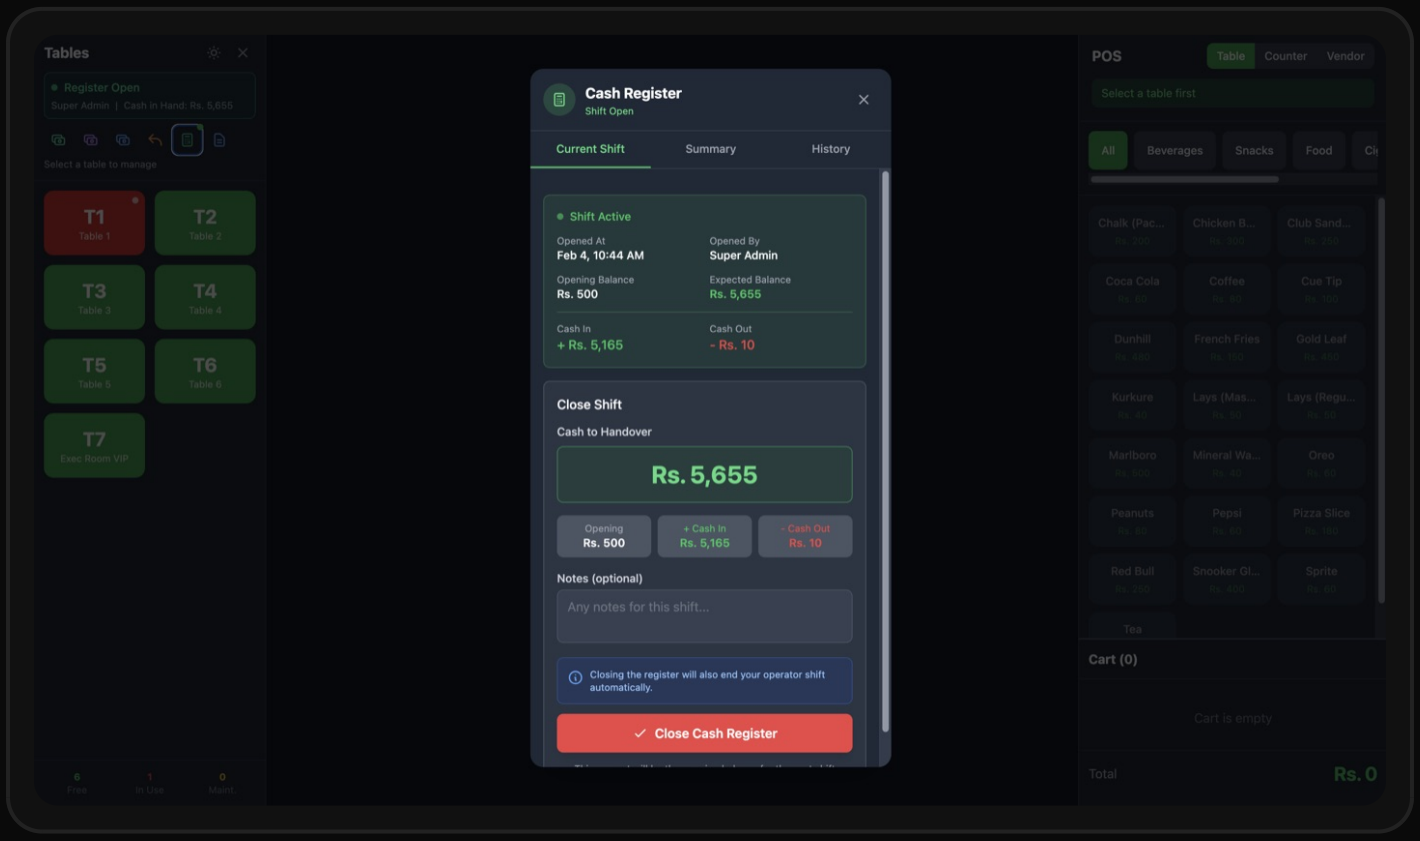
Automatic calculation based on game type. Per-minute, per-game, or per-player pricing with real-time updates.

Session History

Complete record of all games played. Filter by date, table, or player. Export for accounting or analysis.

Cash Register & Shifts

Full accountability for every transaction. Track cash movements, manage operator shifts, and reconcile at end of day with detailed reports.



Shift Management

Open shifts with starting balance. Track all transactions. Close with full reconciliation and handover notes.

Cash In/Out

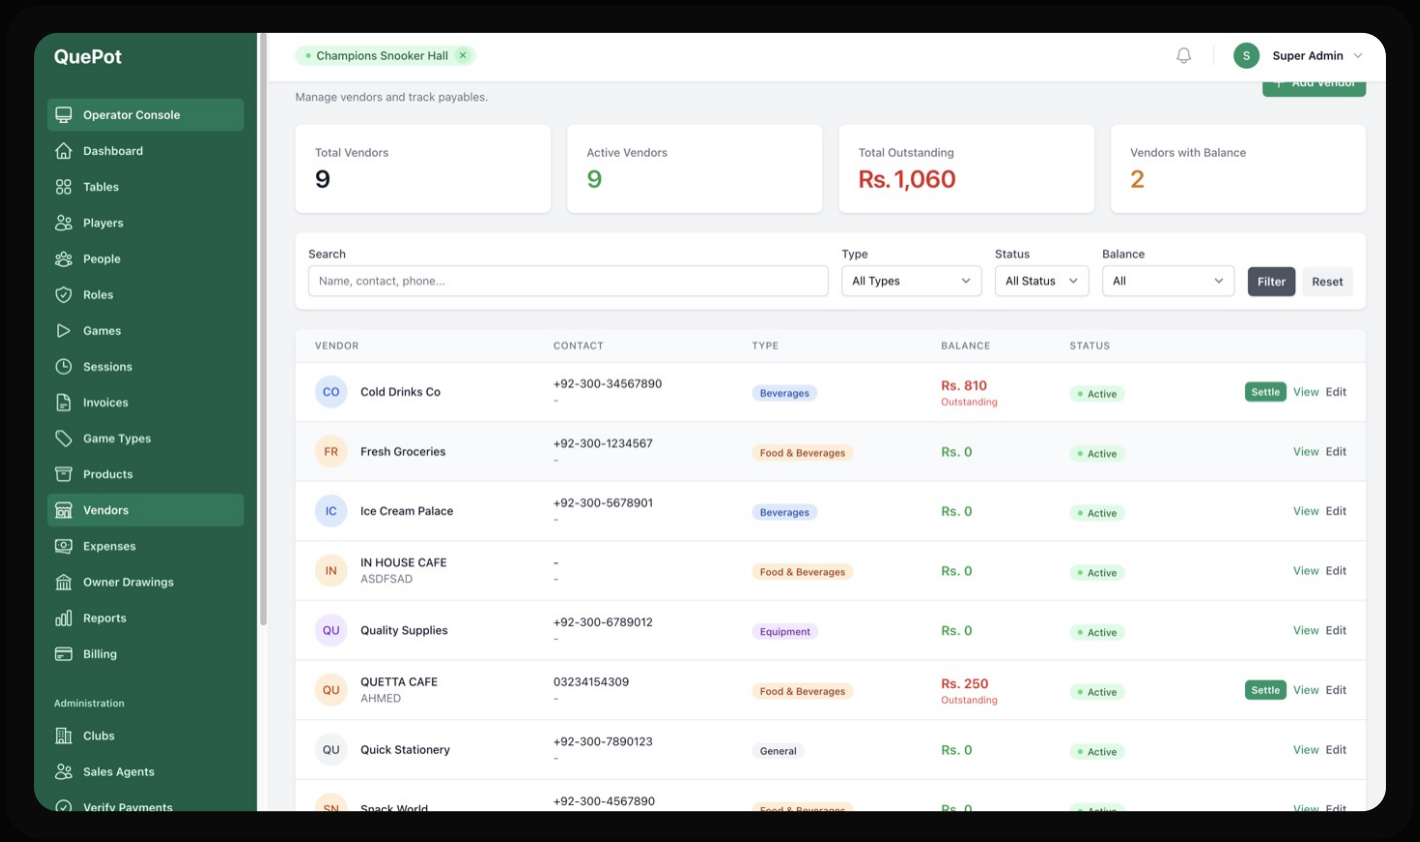
Record petty cash withdrawals and deposits. Every movement is logged with reason, amount, and operator.

QuePot

PROCUREMENT

Vendor Management

Keep track of all your suppliers in one place. Record purchases, manage payables, and maintain clear records for every vendor relationship.



Supplier Directory

Store vendor contacts, categories, and notes. All business relationships organized in one place.

Payables Ledger

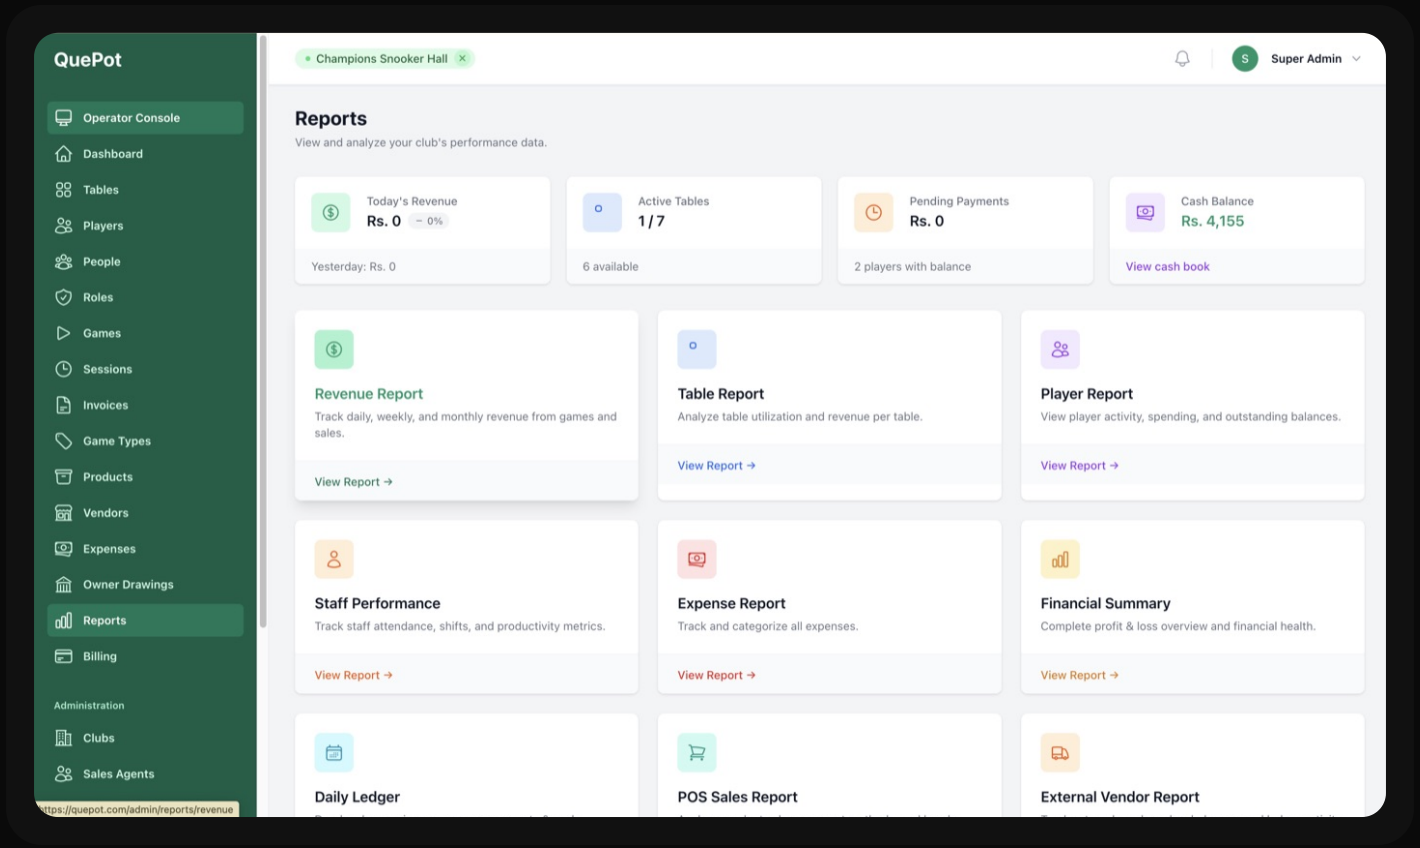
Track outstanding balances and record payments for each vendor with full transaction history.

QuePot

ANALYTICS

Reports & Insights

Make informed decisions with detailed analytics. Generate revenue reports, track table utilization, monitor player activity, and export data.



Revenue Reports

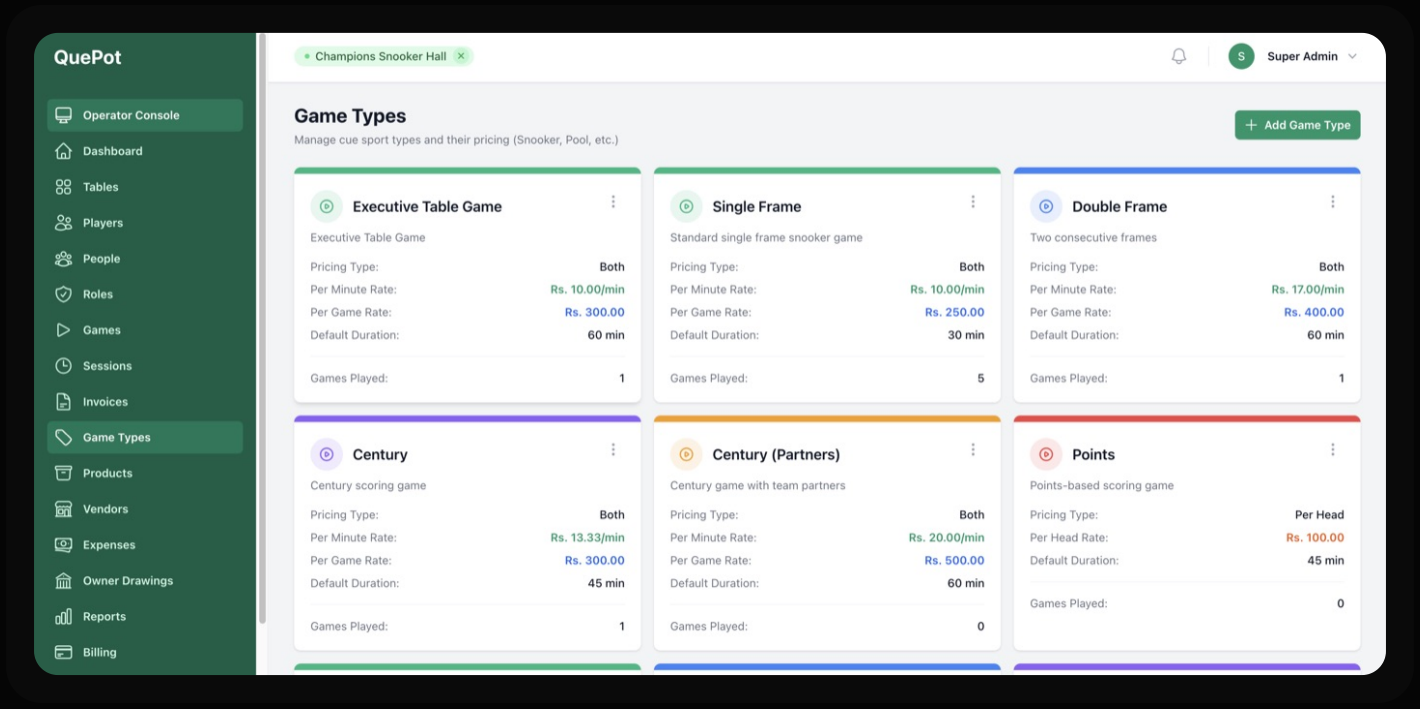
Daily, weekly, and monthly breakdowns. See earnings from tables vs canteen with visual charts.

Export Options

Download as PDF or Excel. Perfect for accounting, tax filing, or sharing with stakeholders.

Game Types & Pricing

Configure pricing to match your business model. Support for time-based, fixed-rate, and per-player billing with different rates for each table.



Per Minute

Time-based billing with live calculation as the game progresses.

Per Game

Fixed price for the entire session regardless of duration.

Per Player

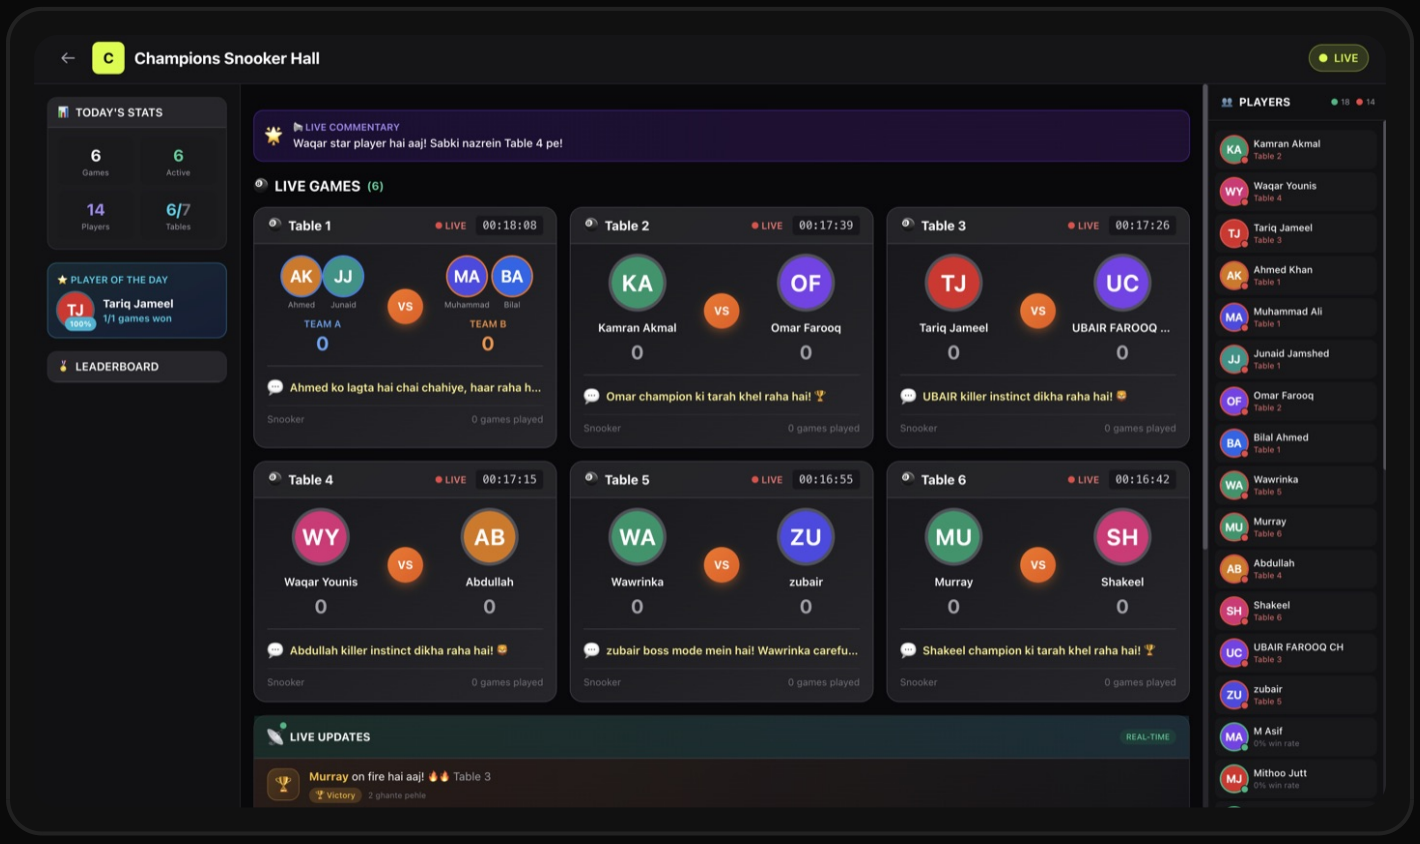
Individual charges for each participant in the game.

QuePot

PUBLIC FEATURE

Live Sessions for Clubs

Give your customers a public view of live matches happening at your club. Real-time scores, player stats, live commentary, and leaderboards - all accessible via a shareable link.



Live Scores

Real-time game scores and player matchups visible to everyone.

Leaderboards

Player of the Day, Week rankings and win rate stats.

Live Commentary

Fun, auto-generated commentary for each table in Urdu/English.

QuePot

Why Choose QuePot?

Purpose-Built
